## American League Adopts Schedule for Games Opening on April 10th

# TO OPEN APRIL 10

Frank Chance Reiterates He Will Cover First Base For the Yankees.

New York, N. Y., Feb. 11.—The American league formally adopted without change, at its meeting here, the schedule of games for 1512, aiready agreed upon. The National league will meet today and probably take similar action. The American league season will open April 10, with the world's champions, Boston feam, crossing bats at home with Philadelphia. Washington, the runner-up to the pennant winner of last year, begins the season in the National capital with the New York team. Cleveland at home, the opening day, will have Chicago as an opponent and St. Louis will meet Detroit on the former's grounds. The schedule calls for 154 games.

Several trades of players were taken up but only two were positively made. Henry Goudy, first baseman, and change catcher, goes to Buffalo from the Boston Nationals and Beals Becker, outfielder of the New York Nationals has been secured by Cincinnati for the waiver price. It was journently reported that "Cy" Seymour, who recently bought his release from Los Angeles, will join the Boston Nationals.

Frank Chance, the new manager of the local American league club, reached here from the Pacific coast a few minutes after the league meeting ended, and was accorded a hearty greeting. One of the first to sake his hand was manager McGraw of the New York Nationals, who said: "I congratulate you in getting into a good town."

Jake Stahl and Clarke Griffith followed suit.

Jake Stahl and Clarke Griffith followed suit.

As soon as chance could catch his breath, he said:

"I am glad to come to New York, and doubly glad that I am with the American league. I like Bermuda for a training place and there will be no trading of players until the team gets back from there. I intend playing first base myself and hops to be in the opening game. I feel in fine shape and my head does not bother me any more. I am positive I can manage the team better as a player than from the bench. Chase will play second and I feel confident that his speed will overcome the handicap of his being left handed.

### CALISHER'S TEAM WINS FROM TUTTLE'S

Bryan Rolls High Game and High Total —Callabers Hold Lend in the Cactus League.

Cactus League.

Adding an increase of four points to their aiready impregnable position at the top of the Cactus league column. Calisher's quintet walloped the Tuttle five Monday on the Cactus alleys. The second period proved to be the best match of the evening, both clubs exhibiting their best brand in that game. Bryan rolled high game and total with a run of 581. The painters were handicapped by having a dummy to contend with, necessitated by the absence of Abbott. Briesh rolled high game and total for his five with a high run of 515. As usual a great deal of rooting and jeers were in evidence.

The William Jennings quintet in the Industrial league rolled a practice game because the opposing team did not show up. The match was rolled for the purpose of having their individual averages counted. Nagle rolled high game and high total.

The following scores were made:

Bill Lange rises to remark that just because Jimmy Callshan has engaged him to teach the young ball players to steal on the diamond is no reason why he should be called the "Fagin of baseball."
